Please note that memberships will become active the business day after they are purchased.

For those registering for a CIG/CIH course: CIG and CIH certification fees both come with a complimentary one-year membership, this will become active within two weeks of your paid course registration (with certification added). If your registration fees were \$0, your membership will become active once your certification has been processed after course completion. You will receive a welcome email once your membership has been activated. Any additional purchases before membership becomes active will be at the nonmember pricing (unless you already hold a current membership). Memberships are not included with re-certification fees.

Thank you again for your support!
