Dear Metroport Rotary Charities,

Thank you for your generosity in supporting Victory Therapy Center by your donation of \$1,500 through the 2021 Community Support Grant. We are so appreciative! It is because of your generosity that allows us to provide creative and innovative therapy services for our clients like Jude...

Jude is a 5-year-old little boy who has autism spectrum disorder and who is non-verbal. When Jude was 18 months old, his mother began noticing red flags. "Literally overnight, Jude stopped speaking and we noticed his development just halted. We began trying different therapies: speech, occupational, cognitive, cranial, ABA and now physical therapy incorporating hippotherapy. The first time I saw Jude on his horse, Rebel, my heart soared with happiness. He was all smiles. Giddy with laughter and delight. As a parent, the best part for me is, Victory is able to provide the physical therapy that Jude needs, and he doesn't even realize that he is doing therapy" says mom, Ashley. Since starting at Victory Therapy Center, a little over a year ago, Jude is now able to climb steps, his coordination and balance have improved, and the best part...his mom has heard him whisper "Rebel".

On behalf of the Board of Directors, our clients, and staff, we wish to thank you again for your donation which is allowing us to provide daily Victories like Jude!

Sincerely,

Becky Rasbeary
Development Director
