Dear Charlie,

Thank you for so generously supporting Bracken's Kitchen and trusting us with your hard-earned financial resources through 2021. We know there are many worthwhile organizations out there and we're honored that you've chosen us.

The past 21 months have been discouraging for so many people in so many ways. The impact of Covid and our current economic challenges has hit the low-income population, the hardest. The face of hunger in Southern California is as varied as is our population. It includes young and elderly alike, as well as hard-working parents, college students and our military veterans who struggle to provide food for themselves and their families.

Most of those we serve are the working poor who are struggling just to make ends meet. It is estimated that close to half a million residents in Orange County and more than 2 million in LA County face food insecurity. As a result, they are often forced to make difficult choices between food and other life necessities on a regular basis.

We cannot do this work without your generous support. And with you and those we serve in mind, we work so very hard to be responsible stewards of that which you have entrusted us, your time, talent and treasure. Thank you so much for trusting us.

At the core of our mission is a deep commitment to our nonprofit charity partners, business and professional supporters, volunteers, donors, and employees.

Our relationship with each and every one of these groups is as important to us as those we feed. We hope you feel a great sense of pride in knowing your generous gift is making a difference in the lives of countless families and individuals in need. Thank you very much for your support we truly cannot do this work without you.

All of us at Bracken's Kitchen wish you the very best in 2022. May you be richly blessed for your kindness and generosity.

Our best,

Bill Bracken  
Founder & Culinary Director
