The interior of their building is more than drab. Some paint, with the assistance of a local artist to coordinate a mural, would truly brighten the learning environment. We won't be able to do every space, but we can make a huge difference for at least half of their facility!

Individual tickets for activities cost between \$8-\$28/person – so depending on the activity and the number of students available, we want to maximize the impact of our project.

The intent is to install some teaching and learning technology that, as a non-profit organization which is solely grant-funded, they cannot otherwise afford. Additionally, the Executive Director doesn't have much capacity to take students out into the community to experience learning and engagement in

other venues. We are hoping to make as much positive impact as possible, because the work of this organization is literally saving lives on a daily basis. They were recently highlighted in a documentary, newspaper articles, and their Executive Director was recently awarded Mentor of the Year by our regional newspaper. The vast majority of his students grew up in families that prioritized gang life, and these students are trying to make better choices by prioritizing education so they can enter the workforce.
