

District Grant Report

Rotary Club: Rotary Club of Long Beach

Project Title: Feeding the Future – Grab ‘N Go

Progress Report Final Report

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

Create back packs for food insecure students at our two local colleges – Long Beach City College and Cal State University, Long Beach.

2. How many Rotarians participated in the project? 100-120

3. What did they do? Please give at least two examples.

*-One team purchased the items for the bags, working with several warehouse stores as well as grocery chains
- Several other teams worked in shifts to unload the groceries and pack the bags for distribution*

4. How many non-Rotarians benefited from this project?

1500 students at the two locations received back packs to help with food issues.

5. What are the expected long-term community impacts of the project?

The students who received these food items learned about the food pantry at each school location where they can get additional food assistance. The string bags can be used for future trips to the pantry locations for easy carrying and storage of food.

The students also learned about Rotary and the projects we offer in the community as well as other events for their schools.

6. If a cooperating organization was involved, what was its role?

Staff at each school location were enormously helpful with every step of the project – what items to purchase, dates and locations at the school for assembly and distribution sites for students

Financial Report – Be sure that Income equals Expenditures!

| 7. Income | Amount |
|--|--------------------|
| 1. District Grant funds approved by the District | \$8000.00 |
| 2. Club contribution | \$8000.00 |
| 3. Other funding (specify) | -0- |
| Total Project Income | \$16,000.00 |

8. Expenditures - please be specific and add lines as needed - receipts must be attached

| | |
|--|--------------------|
