To Whom It May Concern:

On behalf of the Longwood Board of Education, I would like to thank you for the donation to the Longwood Central School District. On January 20, 2022, the Board took action to officially accept your generous donation of \$4,000.00 to be used toward the purchase of Chromebooks for students in the Longwood Central School District.

Your generous support and involvement in our schools is an essential ingredient to the success of all our children. For that reason, the support to the children of our district that this donation represents is as significant as the gift itself.

We are truly grateful.

Sincerely,

A handwritten signature in black ink that reads "Rhonda Stitham". The signature is written in a cursive style.

Rhonda Stitham, Ed.D
President
