

VICTORY THERAPY CENTER

March 22, 2022

Dear Metroport Rotary,

Thank you for your generosity in supporting Victory Therapy Center by your donation of \$2,000.00. We are so appreciative! It is because of your generosity that allows us to provide creative and innovative therapy services for our clients like Maddy...

Maddy is an 8-year-old little girl who has Mitochondrial Disease meaning her body cannot turn food and oxygen into energy correctly. Maddy has struggled with medical challenges her entire life. While her appointments with twelve different doctors and countless therapists help her physically, they have taken a toll on her emotionally causing anxiety. In 2019, Maddy began doing Physical Therapy with Hippotherapy at Victory Therapy Center. While we saw an improvement in her strength, we were still not addressing her needs emotionally. In 2020 we added Therapeutic Riding and it has been truly life changing. Tammi Wilson, the program director of therapeutic riding and Maddy's instructor, has poured so much time and energy into figuring out how to build Maddy's confidence. Maddy and Tammi (with the help of some incredible horses) have built a relationship on trust and love. The change in Maddy is astounding. She has gone from a little girl who cried before each lesson because she was so scared, to a confident rider who has won many ribbons at horse shows. That newfound confidence has carried over to all areas of her life. Maddy is thriving in school and for the first time willing to speak in front of her class. We continue to see improvements in Maddy's strength, but Victory Therapy Center has given us so much more than that. We have watched Maddy grow into the brave little girl that we always knew was there behind her shy demeanor. No matter how hard her day has been, Maddy comes alive at Victory. The horses, staff and volunteers make Victory Maddy's safe haven and her very favorite place to be. I am so grateful to have a place where Maddy shines with pure joy. – Maddy's mom

On behalf of the Board of Directors, our clients, and staff, we wish to thank you again for your donation which is allowing us to provide daily Victories like Maddy!

Sincerely,

Becky Rasbeary
Managing Director of Development
