

Project Title: Scholarships for HS Graduates

☐ Progress Report ☒ Final Report

Recipients were Caden VanSwol and Emma Schnitzler

3. What did they do? Please give at least two examples.

Rotary members included our high school principal and Rotary member, who publicized the application to students who may have need.

Three members of the club read every application and score each one on a grid. Officers of the club wrote the check and welcomed the students to a meeting to share their story. Pictures are taken of the presentation and published on social media.

4. How many non-Rotarians benefited from this project?

One recipient has been active in the Interact Club at our high school. The other has not been involved with Rotary, but has done service in our community.

5. What are the expected long-term community impacts of the project?

It supports our Interact Club, gives awareness of Rotary, and encourages young people to pursue a college education, which in the long term serves our community.

6. If a cooperating organization was involved, what was its role?

We cooperate with the high school in Manteno.
