March 11, 2026

Randy Looper,

Dear Randy, Lander Rotary had some problem with the distribution of our Bags of Comfort and Hope for the district grant for 2025-26. The planned recipient was the Girls Home in Lander. Through this year, they have had staffing problems that have temporarily closed the home. We thought those had been resolved, but now learn that they have not. Therefore, the Lander Rotary Club would like to distribute the remaining bags to vulnerable girls at the Wind River Reservation and at the local Foster Parents organization. The latter would be targeted at girls who are removed from their homes in the night in emergency situations.

Please let us know if this change is permissible under the district grant. These bags will still be used to help vulnerable girls as originally intended. The girls will be at different social service agencies.

Thank you.

Cassy Venters
Grants Chair
