

APPLICATION FOR GLOBAL GRANT

Lead Club : ROTARY CLUB OF TERESA, R.I. DIST. 3800

Participating Clubs and cooperating agency :

1. ROTARY CLUB OF LAKESHORE RIZAL, R.I. DIST. 3800
2. LOCAL GOVERNMENT OF TERESA, RIZAL

1. Project Description

BIRTHING CENTER FOR THE PANTAY-BUHANGIN COMMUNITY OF TERESA, RIZAL

A Birthing Center is being conceptualized to cater to the needs of the indigent people of the Pantay-Buhangin communities of Barangays Bagumbayan and Dalig in Teresa, Rizal, as well as the nearby communities of Talaga and Yapak of Barangay Maybangal in Morong, Rizal. These communities are remote areas and there are reported cases of unattended deliveries thereby causing increased perinatal morbidities and mortalities. The possibility of improving maternal and child health status will be a realization in accordance with the Millennium Development Goals as well as the RI focus on maternal and child health and disease prevention. With this project, health care delivery for these communities will be more efficient and available considering their distance of about 15 kilometers from the nearest public hospital for prenatal consults and deliveries. Moreover, normal spontaneous vaginal deliveries will be undertaken with the supervision of qualified health professionals thereby minimizing perinatal complications.

The project is expected to be completed on the following timetable: Phase 1- construction of the Birthing Center for 5 months and; Phase 2- completion of necessary permits, licenses, Philhealth accreditation and staffing prior to operation for 5 months.

2. Areas of Focus being addressed:

MATERNAL AND CHILD HEALTH

DISEASE PREVENTION AND TREATMENT

ECONOMIC AND COMMUNITY DEVELOPMENT

3. Rotarians participation

RC TERESA membership has a number of contactors and engineers who could provide supervision in the implementation of the project construction and doctors as well who could provide the program for its medical staff screening and licensing requirements.

4. Lead Club and contact person details :
