

Tell us a little about your project. What are the main objectives of the project, and who will benefit from it?

Objectives:-

- To run a Multispecialty hospital for economically backward class at concessional rates. Currently there are 15 beds in the hospital and has scope for adding 10 more beds
There is no hospital in Airoli, which has all facilities of a multispecialty hospital
Affording people have to go to Mulund for treatment and the poor people can't afford the expensive treatment options there
Poor patients from all over Mumbai, Navi Mumbai and Thana are coming to our hospital for concessional treatment
Immediate beneficiaries are people of Airoli, Dighe, Kalwa and Rabale.
Treatments are provided at concessional rates

Area of Focus: - HEALTHCARE

Measuring Success

Goals:-

Providing, quality multispecialty treatment options to people at concessional Rates

Measuring Impact:-

measure	Collection method	frequency	beneficiaries
Hospital records	Record keeping	daily	People in and around Airoli

NuCure Multispecialty Hospital

Global Vision Trust

8652369786

022-27792554

nucurehospital@gmail.com

plot no. 5, Vraj Vihar chs, sector 16, Airoli 400708, Navi Mumbai

Hospital staff will collect information- storage of information in medical software and hard copies of patient data file/register.

Why GlobalVision is qualified:-

Global Vision is a national award winning NGO registered under Bombay Public Trust Act 1950. The following is a gist of activities of the organization:

Form	Approx.. Amount in Rs	Approx. no of beneficiaries
Financial assistance	8 crores	5000 people
Medicines worth	1.5 crores	1000 people
Seminars and Audio Video Presentations for awareness	-	6000 people attended
Camps worth	53.5 lakhs	6800 people screened
TOTAL	10 Crores	18800 people

All this has been provided free of cost for the patient

Why patient is given and Role

GlobalVision has started NuCure hospital to provide (goal). GlobalVision is responsible for the day to day functional activities and the maintenance of the hospital. We have well qualified appointed hospital staff and doctors.

Hospital has been inaugurated on 31st Jan 2017

Community Needs:-

Need of a multispecialty hospital with the following facilities

1. Outpatient department
2. 24 hrs diagnostic facilities
3. Pharmacy
4. General and special wards
5. Pediatric ward
6. ICU
7. ICCU
8. OT

Identification of needs:-

By conducting survey of Airoli accordingly:

- Sector wise, society survey
 - economic status
 - common disease pattern
- Survey of all hospital and the facilities that they have

- Survey of all diagnostic and imaging center
- Survey of pharmacies
- Discussion with all the general practioners

Members of community involvement:-

Health checkup camps are being conducted in all societies and health care needs of people are being discussed one on one with them.

Training/educational programs:-

Seminar conducted for people free of cost to create awareness about different health condition/diseases, knew to prevent them, the available treatment options.

Encourage Participation:

Offer free health check ups

Operations & maintenance:

Since these are machines for hospital use they will be operated by the doctors, nurses and trained personnel only. Maintenance will be via annual maintenance contract from the dealer from whom there machines will be purchased. All expenses regarding maintenance and upkeep of machinery and qualified staff will be managed by GlobalVision

Funding source:

Hospital is already running and the funds generated are being used to develop the hospital further and for maintenance.
