Rotary Opens Opportunities

## **Global grant project for setting up of Voice and Speech clinic at Sasoon General Hospital, Pune**

- **Rotary Focus Area** : Disease prevention and treatment
- **Project Objectives** :
  - To cater the needs of patients with voice and speech disorder from low and medium socio economic background who had developed the voice problems over a period of time due to their profession like teachers, hawkers, preachers, street singers, etc..
  - Very early stage diagnosis of patients with Laryngitis, Vocal cord paralysis, Phonotrauma, Laryngotracheal Stenosis, Recurrent respiratory Papillomatosis and Vocal cord cancer, Esophageal Cancer etc
- **Direct Beneficiaries** : Patients from economically weaker section with voice disorders
- **No.Of Beneficiaries** : Approx 2500 Nos. per year
- **Need Assessment** :
  - Voice Clinic facility is currently not available in any government hospital in and around Pune city
  - Patients from Economically weaker sections cannot afford the facility available in private hospital
  - Proposed Plan Of Action : Set up Voice clinic by providing following instruments-
    - a. Flexible nasopharyngolaryngoscope
    - b. Stroboscope
    - c. High definition Camera
    - d. Doctor Speech and Language software and required Hardware
    - e. Otoendoscope
- **Beneficiary Institution strengths** :
  - a. State run hospital, 150 years old institution serving poor and needy population
  - b. Availability of Infrastructure for the project and a capacity of 1296 beds.
  - c. Within this hospital, the Department of ENT is spread over a space of 29000 sq ft accommodating 60 beds. The department has an OPD area of 3600 sq ft. The operation theatre available are 2 modular, 2 non modular, 1 septic with ancilliary rooms spread over 7000 sf ft in the newly built up building. The ENT department alone has a staff strength of 11 doctors, 18 Resident doctors and 14 servants.
  - d. Heavy OPD- It has around 8 lakhs patients yearly for the entire hospital.
- **Project Measurability** :
  - No.of patient diagnosed with voice disorders and recommended for further treatment.
  - No.of patients diagnosed with early cancer detection.
- **Project Budget** : USD \$ 1,00,000
- **Project Sustainability** :
  - Reputed organisation with government backup
  - AMC for 3 years through project funding. After 3 yrs, it will be taken care by Sasoon Hospital.
  - Very less consumable requirements.
  - Continues flow of economically weaker patients.
- **Host Club** : Rotary Club of Pune Katraj with 25 years of Service to the society
  - Club Strength 60+ enthusiastic, dedicated members
  - Past experience in Global Grant projects in 2013-14, 2015-16, 2016-17 in various Rotary areas of focus.
  - Strategic planning at club level for the project sustainability.
